### **NOTICE OF CORRECTIVE ACTION DECISION AND MODIFICATION OF THE HAZARDOUS WASTE POST-CLOSURE PERMIT**

**Ingersoll Rand Company-Clinton Site  
1775 Torrington Road  
Clinton, Laurens County, South Carolina  
FACILITY ID# 003 345 683**

DHEC has prepared a Statement of Basis for selection of a final remedy for the area designated Inside the Manufacturing Building at the Ingersoll Rand Company-Clinton Site (former Timken US, LLC facility). The selected remedy consists of the following: Targeted Groundwater Extraction, Soil Vapor Extraction, Monitored Natural Attenuation, Groundwater Monitoring, and Land Use Controls. The selected remedy will remove contamination from soil and groundwater, provide long-term groundwater monitoring and set restrictions on groundwater and land use. The draft permit has been written to comply with the South Carolina Hazardous Waste Management Regulations and the Resource Conservation and Recovery Act, as amended by the Hazardous and Solid Waste Amendments.

The draft modified permit contains conditions for the following:

- Post-closure care of seven hazardous waste management units;
- Identification of solid waste management units (SWMUs) and areas of concern (AOCs) at the facility and corrective action for those units, if needed;
- Waste minimization and land disposal restrictions.

The draft permit extends the initial, thirty-year post-closure care period of the seven hazardous waste management units for an additional thirty years. The draft permit also incorporates a replacement for point-of-compliance well W-17 in the groundwater monitoring network for one of the hazardous waste management units.

**The Statement of Basis and draft modified permit are open for public comment from June 12, 2018 to August 10, 2018.** DHEC encourages all interested persons to participate in this permitting process.

**Written comments or requests for a formal public meeting must be submitted no later than August 10, 2018.** Comments may be submitted to the attention of David M. Scaturro, P.G., P.E., at the above DHEC address or by e-mail at: [scaturdm@dhec.sc.gov](mailto:scaturdm@dhec.sc.gov).

All written comments received by **August 10, 2018**, will be considered before a final permit decision is made. If a public hearing is requested and scheduled, notice will be given at least thirty days in advance.

**Requests to be placed on the mailing list for notification of future public notices by DHEC's Division of Waste Management should be made in writing to the attention of Norma West at the above DHEC address or by e-mail at: [westnj@dhec.sc.gov](mailto:westnj@dhec.sc.gov).**

The draft modified permit, Statement of Basis and other related information are available for review through August 10, 2018, at the following locations:
